Product Description

The tags are produced on a Never-tear Matt Material, which is a white opaque polyester synthetic paper that is resistant to water and tearing without lamination.

The high quality bi-axially stretched polyester core ensures excellent dimensional stability. The tags have anti-static top coating which provides a perfect writing surface & is writable with ballpoint, fountain pen and pencil. The porous coating of tags however makes erasing near impossible.

Sustainability – PVC-free:

Why is it important that Never-tear is PVC-free?

The term PVC-free communicates that the tags does not hold any chlorine or phthalates, two toxic ingredients of some PVC. Phthalates are additives that make PVC soft and pliable but are reported to be hazardous to health because they easily migrate or evaporate, which makes it easy to inhale or ingest. This is a reason why products containing phthalates have been banned in toys for children under age three by the European Union since 1999. Chlorine is a toxic substance which production results in mercury emissions and releases dioxins in the environment. Dioxin is classified as known to cause cancer to humans by the International Agency for Research on Cancer (part of World Health Organization, WHO).

More on the effect of dioxins: <http://www.who.int/mediacentre/factsheets/fs225/en/>

Product Technical Data

The tags are produced on a Never-tear Matt Material, which is a white opaque polyester synthetic paper that is resistant to water and tearing without lamination.

Property	Test method	Unit	
Thickness Average	ASTM D-6988	µm	250 ± 15
Weight		g/m ²	300
Shrinkage	Internal Agfa test at 120°C/248°F	%	0,2
Brittleness	Internal Agfa test	°C (°F)	≤ -40 (≤ -40)
Initial tear strength	ASTM D1004	N	100
Stiffness	ISO 2493	mN	48
Conductivity	DIN IEC 93	Ω/□	>1 x 10 ⁹
BEKK smoothness	ISO 5627	Sec	125-175
Opacity	ISO 2471	%	94
Brightness	ISO 2470C		95
Whiteness Cie	ISO 11475		98
Gloss 85°	ISO 2813		3-10
Mass density	ISO 534	g/cm ³	1.25 ± 0.05
Shelf life			Min - 24 months

Lock Out Tags - Red
