The estimated cost to perform the above repairs during regular working hours, including all material and labor, would be:

Due to unprecedented industry-wide supply chain and labor constraints, the established and published factory lead-times we typically offer are now considered a good faith estimate and are subject to change for the near future. We cannot guarantee that manufacturers' lead times will be met, but we will endeavor to offer and acknowledge the most current estimated factory delivery. We apologize, but this is outside of our control.

Estimate Total: \$ 26,494.68

This is a good faith estimate based on facts known at time of creation. Any concealed, unexpected or additionally discovered items in need of repair will be estimated separately. If a Method of Procedure (MOP) is required before this work is scheduled, an additional \$75.00 fee for its preparation would be incurred. Unless specifically included within the estimated charges herein; shipping, handling, applicable taxes, duties or other fees are not included and will be billed in addition to the estimated amount.
